10" CONTROLLER FOR 6 HIGH-SPEED TIJ 1/2" PRINTHEADS

*The PRO gives you professional results.*

**The Smart-Jet® HEX PRO removes multiple boundaries in printing.**

The Smart-Jet® HEX PRO gives you the advanced printability features you require and the maximum print area flexibility for some of your most demanding requirements. You can even print on both sides of a production line – all controlled from a central 10" touchscreen. It has the production speed and resolution you require for printing text, counter, box/lot, expiration date, Julian date, shiftcode, and barcodes. It's called the PRO because it's designed to deliver the professional printing results you require.
